

Reliable Care

AMRestore is the leader in restoring, deodorizing and packing all contents and equipment: general business and personal property, electronics, machinery, art restoration and conservation, document drying and recovery, specialty cleaning, full consulting and technical reporting. AMRestore carefully performs pack-outs, cleaning and storage in our state-of-the-art 21,000 sq. ft. complex and/or on-site cleaning to suit needs and conditions.

Our focus on contents and combination of technology and processes provide a proven solution to restore contents and equipment from any type of loss. We use the ESPORTA[®] system for soft goods, ULTRASONIC processing for content items, DE-IONIZED cleaning units for electronics and machinery, FREEZE-DRYING for documents and media. Bar-coded inventories and photos are captured by our handheld **CONTRACK SYSTEM[®]** for accurate asset tracking and quick item retrieval throughout the process.

AMRestore is the easy choice for a specialized contents and equipment restoration solution.

Our Quality Program Includes:

- HIPPA & Confidentiality Training
- Background & Drug Testing
- Extensive Degrees & Certifications
- Maximum Insurance Coverage
- Asset Tracking with Chain of Custody

How We Help

Pack-Out and Inventory

AMRestore is #1 at packing items with proper care, custody and control. Inventories/photos are captured and tracked by the **CONTRACK SYSTEM®**.

General Contents

Amazing save rates for fire, water and mold damaged contents. Restore soft and hard goods, furniture, collectibles and antique items to pre-loss condition.

Electronics and Equipment

Degreed technicians assure equipment, electronics and data is restored to proper specifications on or off-site. Consulting reports provided for loss verification.

Documents and Media

Valuable paper, documents, records, books and media are handled utilizing confidentiality protocols. AMRestore can freeze-dry, clean and duplicate documents.

Art Restoration and Conservation

Formally trained art and conservation technicians handle and restore fine and object art properly. Re-frame, re-mat, and re-back works of art and pictures.

Providing Solutions

Personal Property Restoration

Personal property has an intrinsic attachment with an owner; many items have memories and stories attached to them. AMRestore can help restore those hopes, dreams and memories with our specialized contents restoration services.

Clients are greeted by our caring associates and the care does not stop there. AMRestore thoroughly inventories, and if necessary, securely packs and transports property to the most advanced contents facility in the region. Cherished items undergo various treatments and are stored in an alarmed, climate controlled vault center until redelivery. AMRestore consistently receives excellent ratings!

Business Property Restoration

Every minute a business is down could mean lost customers and revenue. AMRestore helps minimize business interruption and the additional expense to get back up and running while ensuring continuity.

AMRestore helps businesses and institutions resume operations in the shortest amount of time possible. AMRestore quickly relocates businesses, retrieves and restores valuable data and documents; restores all equipment, electronics and furniture quickly and thoroughly. Assets are tracked from start to finish, no matter what size loss.
