Send to a Friend

When a disaster affects critical documents, archival materials, books and files, time is of the essence. The best way to recover documents from water, fire or mold damage is to partner with **Document Restoration Service (DRS)**. We provide an immediate response specially tailored to your needs and organizational requirements.

Document Restoration Service (DRS) provides quick, thorough and cost effective document recovery services using state-of-the-art freeze-drying or desiccant-drying technology, document cleaning and duplication methodologies. Bar-coded inventories and photos are captured by our handheld inventory system for chain-of-custody document tracking to provide a complete document recovery package.

PLEASE CONTACT US DIRECTLY at 1-800-498-8800
