Greetings!

AmRestore Hosts Three Day Advanced (CE) Contents Restoration Training Seminar

Opening our doors to an advanced training seminar proved to be a great success for everyone involved. The three day event drew 28 attendants representing twelve companies committed to receiving advanced education and providing high-end customer care. The seven presenters covered topics to help us stay on top of new technology and techniques for superior quality and results on cherished contents and personal property. We are committed to helping people and keeping on the leading edge of technology!

Check the news at www.amrestore.com for details on the upcoming June seminar!

Some of the instructors included:

- **Barb Jackson, CR**-Total Contentz- *Inventory and Packing Procedures*
- **Michael Pinto, PhD**-Wondermakers International- *Processing of Contaminated Contents*
- **Tim Jackson**-Total Contentz- *New Electronics Restoration Procedures*
- **Bill Stouffer**-Omegasonics- *New Ultrasonic Cleaning Techniques*
- **David Mystick, CMP, CBRM**-Circumspex- *Business Continuity and Emergency Response Planning*

"Barb continues to provide industry leading technical and business development information in her wonderful easy going style. The AmRestore state of the art facility was the icing on the cake. What a great winning combination!" -Dave Mystick

The constant commitment to education helps AmRestore continue to raise the bar on contents restoration. The same care and quality that we provide on problem and "high profile" claims also transfers to our everyday restoration activities.

Whether we are restoring cherished personal property or disinfecting sports equipment or professional gear, we will continue to provide our community with greater peace of mind.
